

2018 Spring Semester Sope Creek F.A.S.T Programs Foundation After School Time

Welcome to the Sope Creek Foundation FAST Program. We are excited to bring over **50 opportunities** for your child to participate in after-school enrichment programs. All classes are taught by our own Sope Creek teachers. A portion (12%) of the class cost goes back to The Sope Creek Foundation. These funds go directly back to our school to pay for extra learning materials needed throughout the school year. A win-win for everyone!! Please visit our website for more information and frequently asked questions, www.sopecreekfoundation.org or email us at sopecreekfast@gmail.com.

Spring semester will be 12-weeks beginning the week of January 22nd and ending the week of April 23rd.

Online Registration at pay4schoolstuff.com

Registration for the 2018 Spring FAST classes is completed online only through pay4schoolstuff.com.

Registration for Kid Chess has already begun at KidChess.com.

Registration for classes **will open Friday, December 8th 9:00 p.m. and close Friday, December 15th at 9:00 p.m. Classes fill up quickly!**

- ✓ Registration is open for 1 week to accommodate all family schedules. Please register during this period as there is no registration after registration is closed regardless if there is an opening in a FAST Club class.
- ✓ A parent account must be established before registering.
- ✓ Each child must be registered to this account.
- ✓ FAST classes can be viewed by class, day, time and grade.
- ✓ All class details for the FAST classes will be available on this site, as well as on the Foundation website.
- ✓ Once registration is completed, there is a **no-cancellation** policy and will not be allowed to switch classes.

Pick-Up Guidelines

- ✓ All FAST students must be registered for Sope Creek's After School Program (ASP). Completed paperwork, along with a yearly \$10 registration fee is required prior to participating **IN ALL FAST CLASSES**. ASP paperwork can be picked up in the Front Office.
- ✓ If a parent is more than 10 minutes late for pick-up, their student will be sent to ASP and they will be charged the \$7.00 daily ASP rate.
- ✓ Parents will pick-up FAST students from their FAST teachers outside of the assigned school entrance.
- ✓ Parents should be prepared to show a photo ID.

Transportation Note Guidelines

A transportation change note is **ONLY** necessary if:

- ✓ You have chosen parent pick-up during FAST registration, but your child is NOT attending the FAST class that day.
- ✓ You have chosen parent pick-up during FAST registration, but your child is going to ASP that day.
- ✓ You have chosen ASP during FAST registration, but you are picking up your child after the FAST class.
- ✓ All transportations changes **MUST** be made by 1:45 pm.

Behavior Guidelines

The same behavior expectations apply in the FAST classes as during the regular school day. All Cobb County School District policies in the student handbook apply to each FAST class. Inappropriate behavior will result in the child's withdrawal from the FAST class. A refund will NOT be given. Students will be withdrawn from the FAST class for the following reasons:

- ✓ 2 late arrivals to the FAST class
- ✓ Discipline problems

No FAST Classes During The Following Weeks:

Week of February 18th (Winter Break) & Week of April 1st (Spring Break)

Inclement Weather Policy

If the school closes for inclement weather during the school day, all afternoon FAST classes will be cancelled. There will be **NO** make-up classes or refunds.

2018 Spring Semester Sope Creek F.A.S.T Programs Foundation After School Time

2018 Spring FAST Class Descriptions

ABC'S of Yoga (Grades 2nd - 5th) (Led by Angie Yim, Sope Creek Teacher)

Minimum: 5 students, Maximum 20 students

Day of Week & Price: Monday or Wednesday, \$295

Namaste! Join Ms. Yim, a Certified Yoga Instructor, for the ABC's of Yoga FAST Club on Mondays or Wednesdays from 2:45-3:45, where you will experience many incredible benefits- all while building strength, finding balance, and a little bit of calm along the way! This 12-week session includes breathing techniques, yoga games and sequences, storytelling, music, and literacy connections. Help your child tap into their inner resources to create and expand a healthier sense of their overall well-being. Start your yoga journey with the ABC's of Yoga!

Art Club (Grades 1st-5th) (Led by Daphne Hopkins, Sope Creek Art Teacher)

Minimum: 5 students, Maximum: 25 students

Day of Week & Price: Wednesday or Thursday, \$325

Sope Creek Elementary Art Club "Let's Create Something"

Are you looking for ways to encourage creative activities for your children? Kids love art and art is great for kids! This fun class will offer students the opportunity to experiment with a wide variety of mediums including painting, clay, drawing, working on unique surfaces and much more! The number of pieces your child can make is unlimited depending on the speed at which they work and the themes they want to explore. We will use examples of modern and classic artists as inspiration for our projects and also get plenty of free choice time. Watch their self-esteem and self-expression soar! Join Sope Creek's Art Teacher Daphne Hopkins in the studio today!

Book Buddies and Math Gamers (Grades K-1st) (Led by Jenna Doggett, Jennifer Bradley, Heather DeFoor, Fallon Hinz, Sope Creek Teachers)

Minimum: 5 students, Maximum: 25 students

Day of Week & Price: Thursday, \$295

Do you love games? Do you like crafts? Come and enjoy BOTH of these while learning, too! This brand- new club combines two popular FAST clubs- Rockin' Readers and Math Gamers into one amazing afterschool activity. Students will alternate between these two academic areas with weekly activities based on either reading/phonics or math. They will play and make engaging math games meant to enrich and enhance important primary-level math standards. They will also work on important literacy standards and create a unique project. This club is taught by Sope Creek teachers with experience in all grades K-2! This club is only offered to kindergarten and first graders, so lessons and activities will be specifically geared to their needs! Don't delay- join our club for the perfect mix of creativity, learning, and FUN!!!

Bugs and Robots (Grades 3rd-5th) (Led by Kerri Bettes, Sope Creek STEM Teacher)

Minimum: 5 students, Maximum: 18 students

Day of Week & Price: Wednesday, \$325

These unique robots are speedy, six legged animals you create and control. You will learn to program, drive, and battle YOUR own robot. At the end of this club, you get to keep your robot. Your robot combines the principles of Origami with engineering and computer programming. Join today and take home your robot at the end of club!

Cardio Sharp (Grades 3rd-5th) & Cardio Sharp, Jr. (Grades K-2nd) (Led by Shawn Maloney and Jim Hunt, Sope Creek P.E. Teachers)

Minimum: 5 students, Maximum: 45 students

Day of Week & Price: Monday or Thursday for Cardio Sharp, Wednesday for Cardio Sharp Jr., \$245

Physically fit students perform better academically, behave better at school and home, and are simply more comfortable in their own skin. While we know the roles diet, homework, and sleep play in "powering up" a student's "network" for the classroom, the last 15 years of scientific research has revealed a new, major player in the "ready-to-learn" domain - cardiovascular fitness. Cardio Sharp is driven by this relationship between enthusiastic, vigorous play and cognitive and behavioral development. Modified games, sports, and challenges equip students with exciting, efficient tools for realizing the promises of cardiovascular conditioning. Happy, comfortable kids with better grades – that's our business, that's our mission.

Code Talkers (Grades 2nd-3rd & 3rd-5th) (Led by Linda Kurtz, Sope Creek STEM Teacher)

Minimum: 5 students, Maximum: 40 students

Day of Week & Price: Monday, \$280

What is coding? Coding is the new literacy of the 21st century. We all know how to use computer apps, but we really need to know is how they work and why? Learn the secrets of coding to find out. Once you know how to code, the sky is the limit and one day, you could be writing your own apps! Some programming languages can be too abstract for young children. In Code Talkers, we bring in robots to demystify coding languages while still teaching all skill levels

2018 Spring Semester Sope Creek F.A.S.T Programs Foundation After School Time

from beginning to advanced coding! Are you ready to join the 21st century as a Code Talker? Join Mrs. Kurtz and the Code Talker crew every Monday-you don't want to miss it!

Cookies, Candies & Crafts (Grades K-5th) (Led by Laurie Cates, Sope Creek Teacher)

Minimum: 5 students, Maximum: 18 students

Day of Week & Price: Monday or Wednesday, \$345

This class is a fun hands on class where students can make seasonal treats that require no baking – just imagination! Join us as we make fanciful winter and spring themed yummys and then wrap them in handmade crafted containers and/or cards to give away as gifts to friends or family! Don't worry, there will be plenty for you to eat too! Each session is different and themed based on the season- no repeats from past sessions! For information and to view photos, visit the Fast Club page K grade teacher Ms. Cates' class blog at Sope Creek Elementary's website or enter short url – tiny.cc/cates-fast-club

Creative Keepsakes (Grades 3rd-5th) (Led by Liz Carroll, Sope Creek Teacher)

Minimum: 2 students, Maximum 5 students

Day of Week & Price: Monday, \$325

Creative Keepsakes is a class taught by Ms. Carroll for students who love art projects! In this class, your child will create personalized items such as mugs, pillowcases, water bottles, and much more! Your child will absolutely love this laid-back, fun class. The possibilities of creativity and projects are endless! For more information email Liz Carroll: CarrollsFASTclass@gmail.com.

Egyptian ARTifacts (Grades 2nd-4th) (Led by Sandy Welte, Sope Creek Target Teacher)

Minimum: 5 students, Maximum: 15 students

Day of Week & Price: Wednesday, \$300

During this class your child will be exposed to what life was like during Ancient Egypt, by constructing a variety of art projects. They will be making their own life-sized sarcophagus, a hieroglyphic painting, an Egyptian pharaoh mask, along with several other lessons. This FAST club is an extension of Egyptian Explorers, so the lessons will not be a repeat of what was offered during that series of classes.

Egyptian Explorers (Grades 2nd-4th) (Led by Sandy Welte, Sope Creek Target Teacher)

Minimum: 5 students, Maximum: 12 students

Day of Week & Price: Monday, \$300

Do you love history? Are you the adventurous type? Ever wish you could make a mummy? Build a pyramid? Even learn how to write in hieroglyphics? If so, then "Egyptian Explorers" is the class for you. During the 12-week session, you will get the chance to learn all about Ancient Egypt. You will create some very unique Egyptian crafts, as well as complete several STEM activities related to life during this incredible time in history.

EVS Robotics (Grades 4th-5th) (Led by Jenny Boucher, Sope Creek Target Teacher)

Minimum: 5 students, Maximum: 22 students

Day of Week & Price: Wednesday, \$290

Using the LEGO EV3 Mindstorms kits, students will be challenged each day to create robots and solve real-world oriented missions. Some of the robot builds include color sorters, the puppybot, Gyroboy, and a robotic arm. New students will start with the basic robot to learn its functions. After completing the construction of the robot, students will use the programming software to bring their robot to life. This software contains command blocks that allow the robot to move and use its many sensors. Students will learn how to program basic robot behaviors using motors and rotation, sound, light, touch, and ultrasonic sensors. The culminating competition is Battlebots in which students will use their creativity to build and program a robot to battle others. They instantly see the direct result of their work. They become engineers... designing, building, programming, testing, and conquering challenges. The EV3 Mindstorms kits provide multiple opportunities to learn regardless of LEGO and computer experience. Whether students are beginners or robot programming masters, there is always more they can learn. Join EV3 Robotics today to support Sope Creek engineers of the future!

Flag Football and Other Team Sports (Grades 2nd-4th) (Led by Maggie Elder and Kathryn Shingleton, Sope Creek Teachers)

Minimum: 5 students, Maximum: 30 students

Day of Week & Price: Wednesday, \$275

Is your child eager to play football, but not quite ready for tackle football? Then this is the FAST class for you! This class will be centered around the sport of flag football and other team sports. Through the strong team-centered atmosphere, your child will gain sportsmanship skills that are important to life outside the classroom. The price of this class includes a snack and a t-shirt!

2018 Spring Semester Sope Creek F.A.S.T Programs Foundation After School Time

French 1 (Grades 1st-3rd) (Led by Shelby White, Sope Creek Teacher)

Minimum: 5 students, Maximum: 20 students

Day of Week & Price: Monday, \$200

This curriculum is for beginners. My goal is to bring children into contact with the French language and culture through fun. Instruction is spiced up with games, songs and skits in which the students communicate with each other. The students also learn about holidays celebrated in French-speaking countries and work on cultural projects related to art or cooking.

Furry Friends (Grades 1st-5th) (Led by Hannah Hoy, Sope Creek Teacher)

Minimum: 5 students, Maximum: 30 students

Day of Week and Price: Monday or Thursday, \$170

We work together to help educate people of the community about homeless pets, as well as find homes for homeless pets. We provide donations and have fundraisers to help different organizations in the community.

Get Crafty (Grades K -3rd) (Led by Gina Carter Sope Creek Teacher)

Minimum: 5 students, Maximum: 24 students

Day of Week & Price: Monday, \$265

Looking for a fun and creative outlet after school? Join Get Crafty! Students will have the opportunity to create a 3D jellyfish, build a monster, paint on canvas and get your hands dirty mixing GAK! You can choose to create a glittery mask or paint your own wooden race car! There will be some EDIBLE crafts as well. You'll have lots of choices, so come GET CRAFTY!

Hip Hop Hooray (Grades 1st-5th) (Led by Allison Howard, Sope Creek Teacher)

Minimum: 5 students, Maximum: 15 students

Day of Week & Price: Monday or Wednesday, \$250

Hip Hop Hooray is an upbeat, fast paced class where students will learn basic hip hop moves and choreography to (school appropriate) Top 40 hits. Students will learn a routine that will be showcased to parents during the final class. Classes will take place outside (weather permitting). Come groove with us!

Homework Heroes (Grades 3rd-5th) (Led by Sherona Pfaff, Sope Creek Teacher)

Minimum: 5 students, Maximum: 15 students

Day of Week & Price: Wednesday, \$290

Are you in need of a homework hero? Do you want to have your homework completed before even leaving school? Students will have teacher assistance to complete assignments AND study for upcoming tests. If you want to improve your work and study habits, this is the class for you.

iCreate (Grades 2nd-5th) (Led by Linda Kurtz, STEM Teacher)

Minimum: 5 students, Maximum: 30 students

Day of Week & Price: Thursday, \$290

How does a child go from Imagination to a 3D printed Creation? Join the iCREATE STEM FAST program to find out! Using CAD (Computer Aided Design), design your own creation to be 3D printed or downloaded into Minecraft! Then, document your process with your new found movie skills, such as: iMovie, Green Screen Technology, and Stop Motion Animation. Each day is different and there is no limit to what you can make in iCreate! Learn new skills and expand your creativity in iCreate where technology takes you go from imagination to creation! The most exciting afterschool is waiting for you in iCREATE. Join Ms. Kurtz and Brownsorth Thursday's afterschool!

Karate Kids (grades K-5th) (Led by Katie Smith, Sope Creek Music Teacher)

Minimum: 5 students, Maximum: 47 students

Day of Week & Price: Thursday, \$295

Through the Karate Kids program, your child will learn the basics of traditional Karate including punches, kicks, blocks, self-defense, cardio training and forms. This program is sure to enhance your students level of focus, discipline, respect and self-confidence. We will also focus on topics such as anti-bullying, building self-esteem, creating a positive mindset, and becoming a lifelong learner. Ms. Smith is a third degree black belt, a World Champion competitor in traditional forms and fighting and has over 20 years experience training in martial arts and teaching children. She has competed in Switzerland, Canada, and across the US in karate tournaments. For a fun afternoon of karate training join Karate Kids today! We will be studying Japanese, Yoshukai Karate. All students should wear comfortable clothing, sneakers and will receive a Karate Kids T-shirt and a certificate of achievement upon course completion.

2018 Spring Semester Sope Creek F.A.S.T Programs Foundation After School Time

Keyology (grades K-5th) (Led by Luba Eristavi & Donna Goldenberg, Sope Creek Paraprofessionals)

Minimum: 5 students, Maximum: 10 students

Day of Week & Price: Mondays 2:45-3:45 p.m. or 4:00-5:00 p.m., \$265

Give your child an excellent opportunity to learn how to play an electronic keyboard! Luba Eristavi, who is a former concert pianist, will introduce your child to a basic set of piano skills such as hand positioning, reading music notations, and performing simple songs. Repertoire will vary to accommodate the level of the student. Studies have shown that playing piano stimulates the brain, improves language skills, and other classroom experience. So, join us in the fun journey of learning!

Kickball Kids and Other Sports (Grades 2nd-4th) (Led by Jennifer Bradley & Heather DeFoor, Sope Creek Teachers)

Minimum: 5 students. Maximum: 26 students

Day of Week & Price: Monday, \$270

Does your child like sports? Do they like working with a team? Then Kickball Kids and Other Sports is the FAST Club for them! After a long day at school your child can come and get some of their energy out while having fun with friends. They will enjoy learning the rules of Kickball, as well as fun other sports. Exercise is a great way to get fit, increase focus, and decrease stress. Come be apart of the Sope Creek Kickball team!

Kid Chess (Led by Outside Vendor)

Minimum: 20 students, Maximum: 50 students

Day of Week: Tuesday or Thursday

We firmly believe in our motto of "Chess Makes You Smart: We Make it Fun". Playing chess has proven to help students enhance their creativity, improve their power of concentration, develop and expand critical thinking skills, boost memory and retention, and achieve superior academic performance. Additionally, chess has been shown to augment problem-solving capabilities, provide cultural enrichment, advance intellectual maturity, and enhance self-esteem. **Experienced educators, top rated and tournament chess players manage each class.** Each child receives a trophy and learns how to be a better chess player and a better student. Register now at www.kidchess.com.

Kids on Camera: Photography Basics (Grades 3rd-5th) (Led by Sarah Packer, Sope Creek Teacher)

Minimum: 5 students, Maximum: 15 students

Day of Week & Price: Wednesday, \$275

Students will learn the basics of digital photography--no need to send equipment! Student images and projects will portray the world as they see it while enabling them to develop skills in photography. Sessions will include lessons on lighting, close-ups, balance, action photos and more. Students will take home a portfolio of photographs reflecting each weeks lesson after the final session.

Kind Kids (Grades 4th-5th) (Led by Kerri Bruce, Sope Creek Teacher)

Minimum: 5 students. Maximum: 20 students

Day of Week & Price: Wednesday, \$315

Would you like to give your child the opportunity to show kindness by doing fun projects for the community? We will be making blankets for those in need, making crafts to cheer people up, doing service projects around the school, and many more! This is a great way to increase awareness and compassion for others in need. Kindness is contagious!!

Mad Scientists (Grades 3rd-5th) (Led by Kerri Bruce & Sherona Pfaff, Sope Creek Teachers)

Minimum: 5 students. Maximum: 30 students

Day of Week & Price: Thursday, \$320

Does your child love science? They will LOVE Mad Scientists! Each week we will be doing action packed experiments ranging from slime to explosions to electromagnetic fields and more. Join in the science fun!

Master Builders (Grades K-5th) (Led by Liz Carroll, Sope Creek Teacher)

Minimum: 5 students. Maximum: 30 students

Day of Week & Price: Monday, Wednesday or Thursday, \$345

Master Builders (formerly called Lego Land) is a unique class where students get to play with food and play with building blocks! Each week, students will make an edible Lego treat and create fun Lego themed crafts. They will then explore their inner creativity with Legos (of all shapes and sizes), K'nex, Construx, Marble Run, Bloxes, Magnetix, and much more! This class is like a birthday party 12- weeks in a row! Your child will wake up excited every FAST Club day for this course! Space is limited (this course filled quickly last session). The registration fee and snacks for 12 weeks is included in the total cost. For more information, please email CarrollsFASTclass@gmail.com.

2018 Spring Semester Sope Creek F.A.S.T Programs Foundation After School Time

Math Marvels (Grades 4th-5th) (Led by Mary Rowlett, Sope Creek Teacher)

Minimum: 5 students, Maximum: 10 students

Day of Week & Price: Wednesday, \$240

Math Marvels take...STEM to STEAM...incorporating ART with MATH!

“STEAM is a way to take the benefits of STEM and complete the package by integrating these principles in and through the arts. STEAM takes STEM to the next level: it allows students to connect their learning in these critical areas together with arts practices, elements, design principles, and standards to provide the whole pallet of learning at their disposal. STEAM removes limitations and replaces them with wonder, critique, inquiry, and innovation.” Hands-on STEAM learning helps build problem solving skills and encourages creativity. We will discover the “art” of math as we craft projects using the concepts of geometry, measurement, symmetry, and fraction skills through exciting creative experiences.

Nacho Average Spanish Class (Grades K-2nd) (Led by Maggie Elder and

Kathryn Shingleton, Sope Creek Teachers)

Minimum: 5 students, Maximum: 18 students

Day of Week & Price: Thursday, \$275

This class is offered to primary students. During this class, we will focus on the basics of the Spanish language such as, but not limited to, the alphabet, numbers, colors, and everyday vocabulary! Students will learn to demonstrate the dialogue through crafting, games, and exploring the culture such as music, food, and clothing. This course will create a solid foundation for understanding the roots of the Spanish language. The price of this class includes themed Mexican snacks at each visit. ¡Olé!

¡Órale! (Grades 3rd-5th) (Led by Gaby Lopez, Sope Creek Teacher)

Minimum: 5 students, Maximum: 20 students

Day of Week & Price: Thursday, \$325

¡Hola, bienvenidos al Club de Español! Come join me, Mrs. Lopez, and immerse yourself in the Spanish language. I was born and raised in Tamaulipas, Mexico until the age of five. I grew up in a Spanish speaking household and taught for several years in a dual language school. It would be an honor to spread my knowledge of the Spanish language and love for the Hispanic culture. Through this 12-week course, your child will be completely immersed in everyday Spanish language. They will be taught the Spanish alphabet, the use of sight words, the use of everyday vocabulary, and acquire the building blocks to become future bilingual!

Robo Gals (Grades: 4th-5th Girls) (Led by Jenny Boucher, Sope Creek Target Teacher)

Minimum: 5 students, Maximum: 20 students

Day of Week & Price: Thursday, \$250

Power Up Girls! Using the LEGO NXT Mindstorms kits, your daughters will be challenged each day to build robots and solve real world oriented missions. This girl-powered class gives your daughters the opportunity to collaborate and problem-solve with friends while applying programming knowledge in hands-on, real-life situations. After completing the construction of the robot, students will use the programming software to bring their robot to life. This software contains command blocks that allow the robot to move and use its many sensors. The Robo Gals team will learn how to program basic robot behaviors using motors and rotation, sound, light, touch, and ultrasonic sensors. They instantly see the direct result of their work. They become engineers... designing, building, programming, testing, and conquering challenges. The NXT Mindstorms kits provide multiple opportunities to learn regardless of LEGO and computer experience. Whether students are beginners or robot programming masters, there is always more they can learn. Join Robo Gals today to help our future female engineers POWER UP!

Robo Gals Jr. (Grades: 1st-3rd Girls) (Led by Jenny Boucher, Sope Creek Target Teacher)

Minimum: 5 students, Maximum: 16 students

Day of Week & Price: Monday, \$250

Power Up Girls! Using various robotic kits, your daughters will be challenged each day to build robots and solve missions. This girl-powered class gives your daughters the opportunity to collaborate and problem-solve with friends while applying programming knowledge in hands-on, real-life situations. After completing the construction of a robot, students will bring their robots to life. The Robo Gals team will learn how to program basic robot behaviors which will prepare them for using the Lego Mindstorms kits in 4th and 5th grade Robo Gals. They become engineers... designing, building, programming, testing, and conquering challenges. Join Robo Gals Jr. today to help our future female engineers POWER UP!

2018 Spring Semester Sope Creek F.A.S.T Programs Foundation After School Time

Robotics (1st-3rd) (Led by Megin Robinson, Sope Creek Learning Commons Specialist)

Minimum: 5 students, Maximum: 18 students

Day of Week & Price: Wednesday or Thursday, \$300

This fun and interactive class exposes budding Sope Creek engineers to the foundations of robotics, including construction and basic programming. During this 12-week course, students will use LEGO WeDo kits and curriculum to build, program and test a minimum of 2 different robots, including “Dancing Birds,” “Drumming Monkey” and “Soccer Bots!” Students returning to Robotics Club will be given individualized challenges and new builds based on their past experience. In addition to LEGO curriculum, members will gain exposure to real world robotics and partake in other hands-on design and construction challenges. Visit www.legoeducation.us/WeDo for more information.

Rubik’s Cubers (Grades 2nd-5th) (Led by Hannah Bentley, Sope Creek Teacher)

Minimum: 5 students, Maximum: 16 students

Day of Week & Price: Monday, \$250

In Rubik’s Cubers FAST class, beginners can learn strategies for solving cubes, and pros can improve their speed and agility. Students will practice different cubes (2 by 2, 3 by 3, 4 by 4, pyramids, etc.) and different strategies – great practice for all levels! Outcomes include: sense of accomplishment, problem solving skills, tenacious attitude, optimism, and fun! Rubik’s cubes provided, but students are welcome to bring their own! Please email hannah.bentley@cobbk12.org with any questions.

Sew Many Smiles (Grades 1st-5th) (Led by Caroline Cassan, Sope Creek Teacher)

Minimum: 5 students, Maximum: 20 students

Day of Week & Price: Monday, \$300

Sew Many Smiles is a beginner sewing class for students interested in learning how to sew. Students will learn how to use a pattern, cut fabric, thread a needle, sew a button, and hand stitch. Projects will vary each session and are adaptable for boys and girls. The class fee covers the cost of all materials needed. Creativity is a must!

Silly Scientists (Grades K-1st) (Led by Kaila Apodaca, Sope Creek Teacher)

Minimum: 5 students, Maximum: 20 students

Day of Week & Price: Thursday, \$300

If you love Science and like to have fun, then come and join The Silly Scientist Club! This class is offered to Kindergarten and First Grade students who love STEMtastic activities and doing hands on experiments.

Sope Creek Drama Club (Grades 3rd-5th) (Led by Sally Seymour & Susan Jenkins, Sope Creek Teachers)

Minimum: 5 students, Maximum: 32 students

Day of Week & Price: Monday, \$275

Sope Creek’s Drama Club fosters a positive atmosphere to learn about acting including improv games that guarantees laughter and reading an amusing script that encourages expression, fluency, and voice projection. Our young budding actors will grow in stage presence, stage directions, and the art of production. In addition, this fun experience will build self-confidence and cultivate life skills including personal responsibility, creativity, and teamwork. Our program is designed to stretch student’s dramatic muscles by learning acting fundamentals as they rehearse for a big performance. Bring your family and friends to our play as we set the stage with colorful props, imaginative costumes, and the director’s final shout out for “Lights, Camera, Action!”

Sope Creek Sound (grades 3rd-5th) (Led by Katie Smith, Sope Creek Music Teacher)

Minimum: 5 students, Maximum: 40 students

Day of Week & Price: Thursday, \$325

Drums, xylophones, recorders... oh my!!! The Sope Creek Sound is a high energy performing ensemble that will be sure to make your student excited about music! We will use drums, xylophones and recorders to create amazing music! Your student will gain practice in a group setting using the fundamentals of ensemble playing and furthering their knowledge of music notation, musical form, instrument technique, reading music and listening skills. If you love to learn, enjoy music, and are ready to have an absolute blast with Ms. Smith, this club is for you! All students will receive a souvenir Sope Creek Sound T-Shirt and perform in a finale concert! Hope to see YOU at our first Sope Creek Sound rehearsal!

Super Stemmers (Grades 2nd -5th) (Led by Gina Carter, Sope Creek Teacher)

Minimum: 5 students, Maximum: 20 students

Day of Week & Price: Thursday, \$245

Do you like to solve problems? Design with a partner or a team? See your ideas come to life? Try Super Stemmers! In each class, you will collaborate to solve a problem with others using STEM. We will use the Engineering Design Process used in class while incorporating the 4 C’s (collaboration, communication, creativity & critical thinking). Topic

2018 Spring Semester Sope Creek F.A.S.T Programs Foundation After School Time

ideas might be: pirate engineering, building structures using various materials, build a raft for the 3 Billy Goats Gruff, create straw hoop flyers or build a rainbow bridge. The activities chosen will reflect the makeup of the class.

Take A Hike (Grades 3rd-5th) (Led by Sherona Pfaff, Sope Creek Teacher)

Minimum: 5 students, Maximum: 12 students

Day of Week & Price: Monday, \$290

Get a breath of fresh air! Our wonderful National Park Service trails are right next door. We'll walk from school to the trails. Last semester we saw hawks, frogs, turtles, and deer. Enjoy the sights and sounds around you. Take a HIKE with us! You never know what you'll discover.

Terrific Typers (Grades 1st-5th) (Led by Lauren Rabil, Sope Creek Teacher)

Minimum: 5 students, Maximum: 35 students

Day of Week & Price: Thursday, \$175

Soon, your child will need typing to be successful at school! Students are required to type in the classroom for assignments, assessments, and will eventually be typing for state-wide assessments. This 12-week program includes a comprehensive keyboarding curriculum that teaches students using a sequential building-block format. In this program, your child will be using interactive games, timed tests, and typing about interesting topics. Your child can even practice at home!

The Great Desert Island STEM Challenge (Grades 2nd-4th) (Led by Sandy Welte, Sope Creek Target Teacher)

Minimum: 5 students, Maximum: 20 students

Day of Week & Price: Thursday (4:00 p.m.-5:00 p.m.), \$300

HELP!!!! Not too long ago a group of travelers set sail for a week on the open seas. Unfortunately, a great storm came up and wrecked their ship. Only ONE traveler survived!! Your job, should you choose to accept it, is to try and help him survive the island and get back to civilization. During this class you will complete 5 STEM lessons, as well as compete against other teams, in order to come up with a successful way to get the lone castaway home safe and sound.

The Green Team (Grades 3rd-5th) (Led by Sarah Packer, Sope Creek Teacher)

Minimum: 5 students, Maximum: 30 students

Day of Week & Price: Monday, \$195

Looking for an idea to help promote waste prevention and recycling in our school? Green Team projects are a great way to get your child interested and involved in protecting our natural resources. Students will gain an increased awareness of our environment as well as actively participate in the planning and implementation of programs to improve our local environment. Students will feel empowered by their achievements and have a lot of fun too!
